

# AHEA

Alberta Human Ecology & Home Economics Association

### **3.4.8 Social Action Director**

- Responsible to foster Social Action Professional Networks (Interest and Practice) for AHEA members to promote learning, community building, and professional actions, based on adherence to AHEA's missions and values.
  - Social Action opportunities are organized for members interested in making a difference in their community as members of a professional body (e.g. volunteering, fundraising events, etc.):
    - Social Action Professional *Interest* Networks are formed with members who would like to share information about similar interests (e.g. food science, health/nutrition, textile sciences, family studies, design, etc.) through social action.
    - Social Action Professional *Practice* Networks are formed with members who would like to share knowledge regarding professional practice (ex. research, education, business/HR, government, etc.) through social action.
- May liaise with AHEA members to coordinate Social Action opportunities in various locations in the province.
- Oversees Social Action opportunities/meetings.
- Communicates with the Provincial Executive regarding Social Action Professional Network opportunities for members.
- Works with the Professional Development Director to create and promote Professional Development events based on interests of Social Action Professional Networks and members.
- Works with Communications Director to ensure activities and opportunities within the Social Action Professional Networks are made known to members via newsletters, e-memos, and the website.
